

PEACE PLEA FROM PARIS

De Estournelles de Constant
in Senate.

HE URGES DISARMAMENT

Of the States of Europe—Points to Move
of Argentine and Chile—His First
Speech Since His
Election.

Paris, April 12.—Baron De Estournelles de Constant, the former deputy and president of the parliamentary group favoring international arbitration, yesterday made his debut in the Senate (to which he was elected last November) in a speech urging the military and naval disarmament of the states of Europe by a proportional reduction of their forces similar to the joint disarmament of Chile and Argentina.

HEADS FOR TROPHIES.

Moorish Soldiers Got \$2 for Each Rebel Killed.

Algiers, April 12.—The report that Bu Amara, the Moorish pretender, made an attempt to capture the city of Ujda, is confirmed. The rebels were defeated. A reward of 10 francs had been offered for each rebel head and the Moroccan soldiers decapitated the bodies.

A despatch from Tangier to the Paris Temps yesterday, describing the battle at Ujda, said that the Sultan's troops were in a critical position, when Lieut. Mongin, of the French army, commanding the frontier section of the military mission, took a hand in the fight in behalf of the Sultan's forces. He ordered his artillery to open fire, and the rebels were swept away. The French frontier is thus rid of the pretender's bands in accordance with the rights conferred on France by the treaty of 1845 and subsequent agreements.

ROYAL AMENITIES.

Spaniards Show Honor to King Edward.

Madrid, April 11.—King Alfonso, the government and the queen mother have ordered the authorities of the Balearic Islands to convey to King Edward and Queen Alexandra, who are at Port Mahon, Minorca, their kindly welcome and to show the royal visitors every attention, but to avoid such excess of zeal as would prevent freedom of action in their excursions about the island.

The recent visits of members of the British royal family have visibly increased Spanish appreciation of England. London, April 11.—The World says it is not impossible that there may be an "accidental" meeting of the German imperial yacht Hohenzollern and the British royal yacht Victoria and Albert in the Mediterranean.

FRENCH TREASON.

Army officer Arrested Upon Charge of Complicity.

Paris, April 12.—Capt. Volpert of the 11th infantry has been arrested on the charge of complicity in the supposed military plot against the security of the state. It was announced from Paris, April 5, that 8,000 army cartridges had been discovered in the house of a man named Meyer in the suburbs of Paris, and that a supply of rifles was found later. The authorities at first did not consider the affair serious, but their subsequent opinion was that a genuine conspiracy was being hatched.

FIVE JAPS HANGED.

Caught Photographing the Defenses at Vladivostok.

London, April 12.—Telegrams from Vladivostok state that five Japanese officers disguised as laborers were caught photographing the defenses there and were summarily hanged.

Documents found on them showed that they had already sent to Tokyo full information about the defenses.

APPOINTED RECEIVER

Shoe Machinery Company of Portland (Me.) in Trouble.

New York, April 12.—Judge Lacombe of the United circuit court appointed Robert C. Beatty receiver of the United Shoe Machinery company of Maine for the southern district of New York. The fact that an execution to collect a judgment of \$38,923, obtained against the company by Christian Daniel, remained unsatisfied caused the appointment of the receiver. The headquarters of the company is said to be in Portland, Me.

FRESH FRUIT

Arriving daily at our store. We are more than pleased with our opening reception and hope you are pleased with our goods.

Nice Bananas, 10c to 25c a Doz.

NEW ENGLAND FRUIT CO.,

A. DIVERSI, Prop.,
COR. MAIN AND MERCHANT STS., BARRE, VT.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

Hood's Sarsaparilla promises to cure and keeps the promise.

20,000 LIVES LOST.

Estimate of Havoc Wrought by the Earthquake in India.

Lahore, British India, April 12.—In the light of fuller reports from the districts which were devastated by the earthquake last week, the total loss of life by the convulsion is now estimated at 20,000.

Bombay, April 12.—The News says that the earthquake destroyed Fort Biliboo and that Ayimroola Khan, his uncle, five cousins and twenty-eight others were buried in the ruins.

New Volcano Formed.

Calcutta, April 12.—Traders using the Himalayan-Tibet road assert that a great hill in the state of Bahshaba, on the Tibet frontier, is on fire and belching smoke. Fresh earthquake shocks have been felt at Simla. This corroborates the belief that there is tremendous volcanic activity in Central Asia.

BOY IS SLAIN IN BED.

Father of Youth's Best Friend Being Sought by Police.

New York, April 12.—While Camillo Sarano, 19 years old, lay sleeping in his home in Williamsport early yesterday a man broke through a rear window of the house and cut the youth's throat, almost severing his head from his body. He died shortly after the deed was discovered. The police are searching for Paul Catilino, a man of 56, and father of Camillo's best friend, Antonio Catilino, also 19 years old, by whom Sarano was employed.

Devoice Genera, a youth of 17, who occupied the bed with Sarano, was awakened by the warm blood of his bed-fellow flowing over his body. He found Sarano dying and the bedroom window open.

The police say they have learned that Sarano and the elder Catilino had not been on good terms for some time and that they had trouble last evening.

SHOT HIS WIFE AND SELF.

Hungarian Was Angry Because Dinner Wasn't Ready.

New York, April 12.—Enraged at not finding dinner prepared, John Eirand, a Hungarian second hand furniture dealer at 46 Carmine street, this noon shot his wife Mary in the right temple and a minute later sent three bullets into his own chest. Both husband and wife were taken to St. Vincent's Hospital in a precarious condition.

PROFESSIONAL BASE BALL.

New Yorkers Eagerly Await Opening of Season This Week.

New York, April 12.—The opening of the league base ball season is eagerly anticipated. The crowd at the exhibition game Saturday between the Giants and Yale gave some idea of the interest that will be taken in the national game this year. The Giants came home with an enviable record from their training trip through the South and in condition to begin the season with a quality of ball that is sure to win many games in the early year. McGraw has not forced his men, but has trained them up carefully to the time when their best efforts will be needed. The new men have taken hold with a will and have been carefully instructed in that team play which counted so largely in the success of the Giants in winning the championship last year.

LIVED AN EXILE FOR MANY YEARS

Death Reveals Strange Story of Unfortunate Merchant.

New York, April 12.—After being lost to his family and friends for fifteen years, the death of Charles H. Smith, seventy-five years old, formerly a wealthy resident of Detroit and a partner of Governor Hazen S. Pingree of Michigan, at St. Vincent's hospital, of this city has revealed the mystery of his disappearance.

Fleeing from what he supposed was financial ruin in 1890, he went to South America, and then returned to New York, where he lived in obscurity and often in poverty, at Mills Hotel No. 1, under the name of D. K. Scott.

Many of your neighbors have used Mellin's Food for their children. Ask them what they think of it; look at their children and see the result of using a proper food. Mellin's Food will give the same good results if you will use it with your baby. Send for a sample, we will send it free of charge.

Mellin's Food is the ONLY Infants' Food, which received the Grand Prize, the highest award of the Louisiana Purchase Exposition, St. Louis, 1904. Higher than a solid medal.

MELLIN'S FOOD CO., BOSTON, MASS.

\$10,000,000 IS SAFETY FUND

Declares Lawyer for Equitable Assurance Company

AT HEARING YESTERDAY.

\$70,000,000 Held for Contingencies—

Hyde Allowed to Intervene in Action Over Equitable Mutualization.

New York, April 12.—The same interested throng, composed mostly of lawyers, filled the room at the special term of the Supreme court in Brooklyn yesterday when Justice Mahdoo came on the bench to continue the hearing of arguments in the application of Franklin B. Lord for an order to restrain the Equitable Life Assurance Society from turning over its control to the 600,000 policyholders.

Mr. Lord owns thirty-six shares of stock and is represented by Edward M. Shepard, who delivered his argument Monday.

Lawyer Samuel Untermyer asked leave to present an intervening petition on behalf of J. H. Hyde, which was granted.

Lawyer William B. Hornblower then resumed his argument. The stockholders, he said, had no interest in these proceedings, it belonged to the policyholders. Whatever rights the plaintiff had, should the liquidation be brought about, would be preserved and protected. The \$10,000,000 of the surplus mentioned had been set aside as a safety fund, and seventy of the eighty millions of dollars of surplus were held for all contingencies where dividends had been deferred.

The question, Mr. Hornblower said, was whether the plaintiff had an interest in the funds, and whether that interest was impaired.

The funds belonged to the company, he said, except as far as the voting power was concerned.

When the company organized it complied with the act of 1853, and also provided that policyholders of \$5,000 or more should be entitled to vote.

BRACKETT INTRODUCES HIS EQUITABLE MEASURE

Right to Bring Action for Retirement of the Stock and Providing for Mutualization.

Albany, N. Y., April 12.—Senator Brackett yesterday introduced in the Senate a bill enabling any stockholder of the Equitable Life Assurance Society to bring an action to retire its capital stock and provide for its mutualization.

UNIDENTIFIED DEAD BURIED.

Services Over Victims of Brockton Disaster Held at Melrose Cemetery.

Brockton, Mass., April 12.—The remains of the thirty-five unidentified dead who lost their lives in the explosion and fire at the R. B. Grover company factory on March 20 were buried yesterday in the lot purchased by the city at Melrose cemetery. The bodies had been reposed in a vault since the public funeral services held the week of the disaster. A trench forty-two feet in circumference formed a common grave for the bodies. A company of fifty people, chiefly relatives of the unidentified dead, attended the services. Rev. A. F. Pearce, P. D., of the South Congregational church spoke a few words of consolation, and Rev. George Boice Titus of the First Baptist offered prayer and then pronounced the benediction.

MAYOR DUNNE INSTALLED.

Simple Ceremony in the Chicago Council Chamber.

Chicago, April 12.—Edward F. Dunne was installed mayor of Chicago last night in a most simple manner. When he and Carter H. Harrison, the retiring mayor, entered the council chamber they were greeted with applause from the aldermen and a crowd that filled the small gallery. Mayor Harrison in a few words presented former Judge Dunne to the members of the council. The mayor-elect then took the oath of office, thanked the aldermen for the cordial manner in which they had received him and expressed the hope that he would be able to fill the executive chair as capably as had Mayor Harrison. The regular business of the council was then taken up.

THIRD ROCKEFELLER \$100,000

Baptist Home Missionary Society Receives Another Gift.

New York, April 12.—Dr. H. L. Morehouse, corresponding secretary of the American Home Baptist Missionary Society in this city, today made the following announcement:

"Mr. John D. Rockefeller has just given \$100,000 to the American Baptist Home Missionary Society of this city, which makes a total of more than \$1,000,000 that the society has received from him during the last twenty years." Mr. Morehouse said that this gift was separate from the two gifts by Mr. Rockefeller to the American Baptist Missionary Union recently announced in Boston.

CARNEGIE HELPS SPRINGFIELD.

Gives \$150,000 for a New Public Library Building.

Springfield, Mass., April 12.—The public library directors announce the gift of \$150,000 from Andrew Carnegie for a new library building. The gift is without conditions.

OLD FOLKS TESTIFY.

Vinol Worth \$1000 to A. J. Baker.—The Aged, and All Sons and Daughters of Aged People in Barre, Should Be Interested.

Mr. A. J. Baker of 713 Locust street, Evansville, Ind., writes: "I believe there is no other medicine equal to Vinol for elderly people. I would not take \$1000 for the good it has done me. It makes strength for the aged as no other medicine seems to do, and invigorates the whole system. Vinol was first recommended to me for a bad cough, which I could not seem to get rid of. Vinol not only cured my cough, but it made me strong and well, and I enthusiastically endorse Vinol."

Mr. Wells of Rickert & Wells, our well known druggists, when interviewed in regard to this matter, said: "We have never sold in our store such a wonderful vitality and strength maker for the aged as Vinol; it is nature's remedy for the sick, the weak and the aged."

"Vinol owes its virtue and great medicinal power to the fact that it contains in a highly concentrated form all the active curative properties of cod

A. J. BAKER.

liver oil, without a drop of the nauseating grease which characterizes old-fashioned cod liver oil and emulsions. Vinol acts first upon the stomach, toning it up, and enabling it to obtain from the food eaten the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline of the aged and never fails to replace weakness with strength.

"In the strongest manner we unhesitatingly endorse and guarantee Vinol to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or we will return to the purchaser every dollar paid for it." Rickert & Wells, Druggists.

This seemed a strong statement for reliable druggists to make, and we think every person in Barre ought to take advantage of Rickert & Wells' offer; as, of course, they have a wide knowledge of medicines, and what they will, or will not accomplish.—Editor.

PACEMAKER BROKE NECK.

Terrific Pace Caused Miss Inez to Burst Blood Vessel.

Memphis, Tenn., April 12.—An accident at Montgomery Park at the head of the stretch where Miss Inez, pacemaker, fell and broke her neck Monday, cleared the track for the fast coming favorite, Lady Savoy, in the running of the Tennessee Oaks and the brown filly of William Gerst won the race with ease. Miss Jordan, who was running close behind Miss Inez, was thrown out of her stride, permitting Sess Lee and Druid to secure second and third money respectively. Miss Inez had been leading the field from the start and the terrific pace she maintained caused the bursting of a blood vessel and she dropped dead. Joekey H. Phillips was not hurt. The race was a mile race for three year old fillies and worth \$4,750.

SETTLE TIMBER SUIT.

Dartmouth College Gets More Than the Judge Awarded.

Concord, N. H., April 12.—The suits brought by Dartmouth College against the International Paper company to recover for timber alleged to have been wrongfully cut by the defendant company from the college grant in northern New Hampshire has been settled out of court. The amount received by the college, while not stated, is said to be largely in excess of the award by Judge Lowell in the United States court. The suits were instituted both in this state and in Maine by the trustees of the college in June, 1899, and have been fought through every stage up to the United States circuit court of appeals, where they were when the agreement for a settlement was reached.

Same Old Question.

A man who went to church in Philadelphia met the minister's daughter there and now he is married to her. And still the question is asked, Why do so few men go to church?—Buffalo News.

THE HORRORS OF WHISKEY.

The Liquor Habit a Disease—Readily Curable by Orin, an Infallible Specific.

It is now universally conceded that drunkenness is a disease, and the drunkard should be treated for this disease with the one specific for its cure, Orin. This remarkable remedy removes the craving for liquor, restores the stomach to a normal condition, creates a natural appetite, and makes the user a man again, free from all desire for strong drink.

Orin is in two forms—No. 1, to be given without the patient's knowledge; No. 2, for those who wish to be cured. The medical profession endorses Orin. It can be used at home and cures the terrible habit without publicity or detention from business. Price is only \$1 a box.

We recommend and guarantee Orin. Red Cross Pharmacy, Rickert & Wells, Proprietors, Barre, Vt.

BUILDING OF ROADS

Advice Given to County Road Commissioners.

A SATISFACTORY MEETING

There Was a Very Large Attendance at Montpelier Yesterday and Much Interest Was Manifested—Several Addresses Given.

The county meeting of road commissioners held at the court house in Montpelier yesterday was a pronounced success, in attendance and interest shown. Nearly every one of the twenty towns in the county was represented, and besides there were many visitors present, also selectmen. State Road Commissioner Charles W. Gates of Franklin was the chairman of the meetings. The speakers included Richard S. Currier of this city, president of the Vermont Good Roads association, John W. Gordon of this city, who spoke on good roads from the standpoint of the automobilist, Prof. J. W. Votey of the University of Vermont, who had "Earth Roads" as a subject, and C. W. Gates, the state commissioner.

Mr. Currier thought there is a necessity for advanced legislation on the matter of good roads, considered that the state commissioner should receive a salary instead of being paid by the day. The commissioner ought to have an office in the State House as the other state officers have. He thought the towns ought to pay a quarter of the expense for permanent roads instead of asking the state to pay all. There should be a rigid inspection of the roads. The highway department of the state is not receiving the attention that its importance warrants, in the line of legislation.

In speaking from the standpoint of an automobilist J. W. Gordon thought the machine does not have any more to contend with than the locomotive had. He predicted the use of the machine by farmers, that they would be carrying milk to the creamery and produce to the markets by it, and at a greater ease and at less expense. Vermont must be provided with good roads for the coming of these machines.

J. W. Votey spoke on materials for road work, taking up crushed stone and gravel. He emphasized the need of using material of the highest quality to bring about the best economic results and followed with a discussion of what the best material was. He said it was necessary for the towns to make a thorough search for materials in their own localities and closed with a word on the relative value of the materials and how far it would pay to haul certain materials to improve on that found on hand. The commissioners of the various towns had been requested to bring samples of the stone and gravel found in the locality of the town and the value of these materials was discussed.

C. W. Gates recommended three classes of roads: Gravel roads wherever the natural conditions of the soil are suitable to sustain a good road at all seasons of the year; stone roads wherever the soil will not sustain gravel, there being two types of this road, the Telford bottom with the gravel top and the V shaped stone roads, the latter being used on wet soils where a heavy foundation is necessary on account of heavy travel and extra drainage is required. In the case of each kind of road he went into the discussion of the specifications, etc. Mr. Gates gave several valuable suggestions to the commissioners as to road building closing with an appeal for the preservation of the natural attractions along the roadsides, both for ourselves and summer visitors.

WINOOSKI'S FINANCES.

Village Trustees Recommend Tax of 90 Cents For Coming Year.

Winooski, April 12.—From the annual report of the village officers of Winooski it appears that the fire department cost \$578.18 during the year. The electric lights for 11 months cost \$1,681.62; water hydrants and hose houses, \$870.50; streets and sidewalks, \$3,010.00; sewers, \$490.87; police department, \$1,549.79; miscellaneous, \$595.45, making a total of \$11,458.09.

The treasurer's report shows that the receipts during the year amounted from all sources to \$9,755.61, and the disbursements \$9,689.29. There was an amount of \$1,910.51, and at the close of the year March 23, 1905, \$1,076.83. The total liabilities of the village are \$53,683.50. The amount due the village for sidewalks and sewer assessments and for uncollected taxes is \$1,583.27. During the year the village treasurer received from the justice of the peace fines and costs amounting to \$223.27. The trustees recommend a tax of 90 cents on the dollar of the grand list be raised to meet the current expenses and pay the interest on outstanding village orders and sewer bonds.

TUMBLING DOWN STEEP SLOPE.

Robert Parks of St. Johnsbury Suffers Broken Leg.

St. Johnsbury, April 12.—As Robert Parks was distributing top dressing on the hill at Undercliffe, the home of Mr. and Mrs. F. H. Brooks, near Cliff street Monday, the span of horses he was driving failed to obey him and horses, wagon and driver went in a heap down the steep slope, a distance of 30 feet or more, to the street below. Mr. Parks was taken to Brightblock hospital, where it was discovered that his injuries were confined to a broken leg. The bones were set and he is doing well.

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it stops it at once."

JOHN J. McFARLANE, Pres. E. B. Eng. Co., South Bend, Ind.
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

THINKS SOMETHING WRONG.

Mother of Burlington Suicide Says Her Son Abhorred Weapons.

Burlington, April 12.—Mrs. Mary Finney, mother of F. F. Finney, who committed suicide at the Imperial hotel in New York Sunday evening, stated that she knew nothing about her son's death except what was printed in the papers. Mr. Finney left this city last Wednesday evening for Boston, telling his mother that he would see George Galpin, a friend with whom he became acquainted some time ago in Grand Isle and who now resides at 173 Summer street in Somerville, stating that his friend wished him to go to Washington and that they would probably go together.

Mrs. Finney thought it very strange that he would shoot himself, as he always had an abhorrence of any kind of weapons. "He was more like a girl than a boy," she said, "and always loved his mother. He never smoked, and it seems strange to me that he would order cigars if he was alone. He had only fifteen dollars when he left home and why he should go to an expensive hotel seems very odd. I think there is something wrong and that somebody must have been with him in New York."

YOUNG MAN DISCOURAGED.

Louis Muir of South Burlington Ended All With a Suicide.

Burlington, April 12.—Discouraged by ill health and the want of work, Louis Muir of South Burlington committed suicide by taking Paris green Monday.

At about 3:30 in the afternoon his mother, Mrs. Joseph Muir, went to his room and found him lying lifeless on the bed. A physician was summoned immediately and it was found that the man had taken Paris green.

No one seems to know anything about his actions, but it is thought that being out of work and his health failing, he became discouraged.

Mr. Muir was 23 years of age and was the son of Joseph Muir who died three years ago. He is survived by his mother, three sisters and two brothers.

The funeral was held this morning from the late home with interment in Mount Calvary cemetery.

Suicide at Newport Center.

Newport, April 12.—Howard, the eighteen-year-old son of A. C. Arriel, of Newport Center, committed suicide by hanging Monday. He had been ill with grip.

ST. JOHNSBURY PASTOR RESIGNS.

The Rev. C. R. B. Dodge to Be Financial Agent Vermont Academy.

St. Johnsbury, April 12.—The Rev. C. R. B. Dodge read his resignation as pastor of the First Baptist church Sunday, the same to take effect April 30. He has accepted the position of financial agent for Vermont Academy at Saxtons River and will begin his new work May 1. He has been pastor of the church since October, 1902, and is very popular with his parishioners. He will continue to live in St. Johnsbury.
